

Rebels Accept, France Rejects Proposal

RABAT, Morocco (AP) — Algerian rebels today accepted, but France rejected a Tunisian-Moroccan proposal to negotiate an end of the Algerian revolt.

The proposal called for French recognition of Algerian sovereignty, a big step toward independence which Paris refuses to discuss. The French rejection said Tunisian and Moroccan are not neutral in the three-year-old war.

King Mohammed V of Morocco and President Habib Bourguiba of Tunisia urged negotiations yesterday and offered their good offices. Both Arab leaders brought their nations out of French protectorates to independence last year. Algeria is considered by Paris a part of metropolitan France, not a protectorate.

French Foreign Minister Christian Pineau, at the United Nations for a debate beginning next week on the Algerian rebellion, said the proposal was unacceptable. The rebel reply was issued a short time after Pineau gave France's reaction.

Bell Likely to Seek Rate Increases

ST. LOUIS (AP) — The six-state Southwest Bell Telephone Co. may seek rate increases to offset a wage increase granted its union employees.

The cost of a 15-month contract signed yesterday and covering more than 50,000 members of the Communications Workers of America was put at about \$10,300,000 a year.

"Added cost from this settlement will hit our earnings hard," a company spokesman said. "We will continue to do all we can through good management and technological improvement to offset the effect of this latest increase."

"But after we are able fully to study the effect of this latest increase, we may have to seek some adjustments in charge for service."

In the final analysis, the public pays the bills for wage increases. We have no other source of revenue.

The company operates in Missouri, Arkansas, Kansas, Oklahoma, Texas and a small area of Illinois near St. Louis.

Must Improve Foreign Relations

FAYETTEVILLE, Ark. (AP) — Sen. J. W. Fulbright (D-Ark.) warns that the survival of the nation may hinge on improved foreign relations.

The senator told a meeting at the University of Arkansas yesterday that all domestic endeavors may be futile without a betterment of relations between the U.S. and other powers.

"A long range program forging friendship and confidence is needed," Fulbright said in an address to about 500 students and instructors.

Fulbright is a member of the Senate Foreign Relations Committee.

He cautioned against blaming "all our troubles" on Secretary of State John Foster Dulles. Fulbright said Congress has been unwilling to support a long range program aimed at strengthening friendship with foreign nations.

Fulbright is a former president of the university.

Philippine Dollar Reserves Low

MANILA (AP) — The Philippine Central Bank announced today that the nation's dollar reserves had dropped to the "dangerous" all-time low of \$156,600,000 three days ago.

The bank's acting governor, Andres Y. Castillo, attributed the drop to a slump in exports, and continuing requirements for funds to establish "new and essential industries."

Castillo said he felt sure the reserves would increase before the end of the year.

A ticket scalper is a fellow who makes it possible for you to see one football game for the price of five.

Bobcats Turn Back Prescott Wolves 20 to 7

In this picture, made in the rain at the local stadium Friday night, Bill Butler (arrow), No. 26, right halfback, ripped off an 8-yard gain for the Bobcats. It was the first quarter with the locals leading Prescott 7 to 0.

Blockers in the picture are Jim Porterfield (38), left guard; and Lynn Wiggins (52), center. Identified Prescott players are: Tom Barham (82), left end and kicker; and Charles Fry (60), left tackle.

Local Bureau Group to State Meeting

About 20 Farm Bureau members from Hempstead County will be on hand Nov. 24-26 for the annual convention of Arkansas Farm Bureau Federation at Little Rock, according to N. B. Coleman.

Officially representing the county farm organization are: county delegates will be J. Brooks Shultz, N. B. Coleman and Richard E. Arnold. The alternates will be: Vin Burke, Harold Babo and Howard Reese. The delegates selected to State Women's Committee are Mrs. N. B. Coleman, Mrs. Richard Arnold, and Mrs. Irvin Burke. Mrs. Mary Spates, Mrs. John Healy and Mrs. R. E. Garrett are the alternates.

They were selected at the recent annual meeting of Hempstead County Farm Bureau.

Mr. Coleman said others expected to attend include: Moss Rowe, Johnny Ferguson, R. E. Garrett, Cecil Bittle, James Burke, H. G. Gilbert, and Mr. and Mrs. Ned Purdie.

As in the past, convention delegates will form the state Farm Bureau program for 1958. The program is developed from recommendations submitted from all county Farm Bureaus in the state.

Speakers scheduled to address the convention are Charles B. Stuman, president of American Farm Bureau Federation; Arkansas Governor Orval E. Faubus; J. Wendell McKinney, professor of agricultural economics at University of Missouri; Harold F. Ohlendorf of Osceola, president of Arkansas Farm Bureau Federation, and Waldo Fraiser, executive vice president.

A traditional vesper service will open the convention the evening of Nov. 24, Sunday. The following day commodity conferences will be held for livestock, dairy, poultry, cotton and rice. At the same time sessions will be conducted for Farm Bureau Women and county Farm Bureau service agencies.

On Tuesday, Nov. 26, voting delegates will decide on proposed resolutions pertaining to state issues and recommendations to the American Farm Bureau Federation on issues of national interest.

The evening's convention banquet will be the final event. Speakers for the occasion will be Warren E. Foster of Atlanta, Ga., special representative for the Coca Cola Company.

The 32-nation world parliament opened debate on a draft resolution that would authorize a 1958 budget of 25 million dollars for UNEP.

The resolution, sponsored by 21 nations, called for assessing the amount against all UN members in the same proportion as they pay for the general U. N. budget.

On this basis, the United States would pay about one third, Rep. A. S. J. Carnahan (D-Mo.) was scheduled to speak for the United States in today's debate.

The Soviet Union and its satellites are the only countries which have expressed outright opposition to the principle of the emergency force.

But a number of other nations have balked at the amount they are expected to contribute to the upkeep of the force.

An overwhelming majority of the Latin American nations agreed at a caucus Thursday that they could not afford to contribute the total \$1,500,000 expected of them.

Girl 6, Saves Life of Little Sister

EAST PROVIDENCE, R. I. (AP) — Six-year-old Ruth Kitchen saved the life of her baby sister Robin, 18 months old, yesterday by snatching her from a blazing crib and putting out the fire with a home fire extinguisher.

The fire started during the mother's absence when an electric lamp fell and heat from the bulb set the crib blanket ablaze.

"I didn't want Robin to get hurt or the house to burn," Ruth said.

How did they get their name in the first place? The following information was compiled as the result of a letter received from Hugh D. Clark, now of Little Rock, the capable coach in Hope during the 1919-20 school year.

On the second Monday in October, 1919, the Hope High football squad met in the domestic science room of the high school (located where Oglesby School is today) to choose a name for the team. Meeting with them were D. L. Paisley (deceased), a superintendent of schools; Miss Beryl Henry (now makes her home in Benton, high school principal; Miss Dell McEae (Mrs. N. W. Denty of Arkadelphia) domestic science teacher; and Hugh D. Clark, football coach.

Because the men were light and the squad was small in number, such names as "Lions," "Tigers," and "Leopards" were rejected. At Mr. Paisley's suggestion, "Bobcats" was the name chosen, for they surely had a fighting team.

Through the years this has proved to be a wise choice, though the players have certainly increased in number and in weight.

With a name having been selected, Miss McEae offered to sew a cloth bobcat on the back of each home-made uniform. In Mr. Clark's own words, "She was a real booster."

His comment is understandable when it's realized that each player was responsible for securing his own uniform, including having clients put on his shoes. Some of the suits were quilted, and in all, the team was quite comical looking. However, that was of slight importance.

The Bobcat team had a tough time getting started. Before the last game of that first football season, the dressing room, which was part of the coal house, caught fire and all the equipment was lost. There was no money to replace it, as \$75 was considered a big gate. However, local businessmen, led by Tom Kinser, Leo Robbins, and Dudley Burford (now of Pine Bluff) secured some more uniforms.

Today, the people of Hope are proud of the Bobcats and are grateful to those who have helped in their successful climb up the ladder of fame. This thought was expressed in the closing remarks of the letter from former Coach Clark.

He wrote: "I am proud that I had a part in starting the Bobcats who have made a good name for the team and the good city of Hope."

(A personality sketch of the players on the first Bobcat football team will be in the second of these articles.)

Indiana Flood Toll Reaches 241

NEW DELHI (AP) — Recent floods in North India killed 241 persons and 2,650 head of cattle and destroyed crops valued at more than \$7 million dollars, an official told parliament today.

Here Is the True Story of How Bobcats Got Their Name

By MARY ANITA LASETER

The Hope Bobcats by this Saturday will have just completed a hard schedule with three games in eight days, and they face a team of tough Nashville Scrappers for their traditional Turkey Day Game next Thursday. All of which sounds like "pretty rough going," but the Bobcats have always symbolized the name they bear.

How did they get their name in the first place? The following information was compiled as the result of a letter received from Hugh D. Clark, now of Little Rock, the capable coach in Hope during the 1919-20 school year.

On the second Monday in October, 1919, the Hope High football squad met in the domestic science room of the high school (located where Oglesby School is today) to choose a name for the team. Meeting with them were D. L. Paisley (deceased), a superintendent of schools; Miss Beryl Henry (now makes her home in Benton, high school principal; Miss Dell McEae (Mrs. N. W. Denty of Arkadelphia) domestic science teacher; and Hugh D. Clark, football coach.

Because the men were light and the squad was small in number, such names as "Lions," "Tigers," and "Leopards" were rejected. At Mr. Paisley's suggestion, "Bobcats" was the name chosen, for they surely had a fighting team.

Through the years this has proved to be a wise choice, though the players have certainly increased in number and in weight.

With a name having been selected, Miss McEae offered to sew a cloth bobcat on the back of each home-made uniform. In Mr. Clark's own words, "She was a real booster."

His comment is understandable when it's realized that each player was responsible for securing his own uniform, including having clients put on his shoes. Some of the suits were quilted, and in all, the team was quite comical looking. However, that was of slight importance.

The Bobcat team had a tough time getting started. Before the last game of that first football season, the dressing room, which was part of the coal house, caught fire and all the equipment was lost. There was no money to replace it, as \$75 was considered a big gate. However, local businessmen, led by Tom Kinser, Leo Robbins, and Dudley Burford (now of Pine Bluff) secured some more uniforms.

Today, the people of Hope are proud of the Bobcats and are grateful to those who have helped in their successful climb up the ladder of fame. This thought was expressed in the closing remarks of the letter from former Coach Clark.

He wrote: "I am proud that I had a part in starting the Bobcats who have made a good name for the team and the good city of Hope."

(A personality sketch of the players on the first Bobcat football team will be in the second of these articles.)

Indiana Flood Toll Reaches 241

NEW DELHI (AP) — Recent floods in North India killed 241 persons and 2,650 head of cattle and destroyed crops valued at more than \$7 million dollars, an official told parliament today.

Bank Stabilization Bids Are Received

LITTLE ROCK (AP) — A Louisiana firm has submitted the apparent low bid on bank stabilization work on the Arkansas River in Faulkner County.

Army Engineers here said yesterday Burns Swilley Construction Co. of Bossier City, La., offered a bid of \$87,895. The government estimate was \$71,374.

Included in the work will be 1,375 feet of rock filled dikes, 200 feet of bankhead paving, 5,000 cubic yards of grading and excavation and 44,150 tons of quarry-run stone.

Awards Are Handed Out to Cub Scouts

Cub Pack No. 62 met at Garland School Thursday night at 7:30 for its regular monthly meeting. Club Master Clyde Coffey was in charge. Ed Aslin led the Cubs in the oath of allegiance to the flag. Exhibits of work done by various dens were on display.

The following awards were given out: Lion pin, one gold and two silver arrow points, and dinner strip to David Grimmer, Lion pin, one gold and one silver arrow point and assistant dinner strip to Billy McKee, Lion pin to Phil DeVeechio, one year pin and one silver arrow point to Sammy Strong one year pin and one gold arrow point to James Ball, one gold arrow point under the Bear badge to Jim Robertson, Bear pin and one gold arrow point to Ronnie Hucklebee, one silver arrow point under the Wolf badge to Garland Bright and to Denny Woods. Bear pins to William Walter, Billy Lob White, Larry Crane, Bill Coffey and Rip Gresham, one year pin and dinner strip to Grandison Royson III, Gordon Bolat, Bill Coffey, Tommy Cox, Rip Gresham, Charles Elvelly, Jim Pilkinton.

Carlton King Jr., Larry Johnston, Byron Cunningham, Ed Aslin, Ronnie Phillips, Donnie Atchley, David McGuire and Harry Ray McMahon each received a one year pin, and Keenan Williams received a dinner strip. Ed Aslin received one gold arrow point. Jerry Walker was awarded the Webelos Badge, the highest award in Cub Scouts.

After games led by Cubmaster Coffey, the Pack was dismissed with the Cub promise. Plans were made for a Christmas party in December.

Would Give Property Back to Germany

FRANKFURT, Germany (AP) — Celler (D-NY) today advocated a partial restitution of German property seized by the United States in World War II.

Speaking at a news conference, Celler said that since the United States has given West Germany millions in aid, it would be illogical to hold all the seized property.

"There must be some restitution," Celler said, without going into details.

Celler, chairman of the House Judiciary Committee, told German newsmen the Eisenhower administration plans to sponsor legislation next year to permit partial restitution.

Hoffa Jurors Rejected as Prejudiced

NEW YORK (AP) — All of the first 31 prospective jurors for the wire-tap conspiracy trial of James R. Hoffa and two others have been rejected, mainly because of apparent prejudice against the top Teamster official.

At the opening of the Federal Court trial yesterday, 43 talesmen in all were called from a panel of 125.

Of the 31 talesmen questioned, 17 were excused after saying they had formed strong opinions in the case, 13 were eliminated through peremptory challenges by defense or prosecution, and one was turned down because he said he was a friend of chief prosecutor U. S. Atty. Paul W. Williams.

Questioning of prospective jurors will resume Monday.

Hoffa, president-elect of the Teamster Union, is on trial with Bernard Freeman, president of the Plumbers Local 7, and Bernard Spindel, of Holmes, N. Y., a professional welder.

Hoffa is charged with conspiring with the others between 1953 and 1957 to tap telephones of subordinates in the Teamsters' headquarters in Detroit, where Hoffa resides.

If convicted, each of the defendants could receive a maximum sentence of one year in prison and a \$10,000 fine.

Hope Snowman

Inevitably this happened on the Hope Post Office lawn — right after Hope Star had come off the press with Friday's edition showing the post office snow scene. Star newshybs made a snowman. The photo was taken at 6 p. m. Friday.

Industrial Plan Taken to Local Groups

The campaign for a \$250,000 Hempstead County Industrial Foundation fund, to be used in new industry and the expansion of local industry, was moving ahead on several fronts today.

Circuit Judge Lyle Brown talked before Hope Rotary club Friday.

Monday, the campaign comes to a joint meeting of Hope Lions club and the Business & Professional Women's club with an address by Dr. Sam Sutton.

Attorneys Royce Weisenberger and John Wilson have been added to the speakers list, and are slated for talks soon before Parent-Teacher Associations, and other meetings.

In the meantime, Attorney Albert Graves is expected to file articles of incorporation for formation of the Hempstead County Industrial Foundation with Secretary of State C. C. Hall, authorizing issuance of 50,000 stock certificates at \$5 per share.

Activity on other fronts included preparation of pledge cards by Vincent W. Foster, chairman of the foundation, and B. N. Holt, secretary. Publicity chairman Leonard Ellis was seeking permission from First Baptist church for the erection of a large sign on the church property at Third and Main which would advertise the campaign fund as it progressed.

The finance committee, composed of more than a dozen Hope men, continued busy assorting names and firms into appropriate categories so that each group could be called in as a unit and told what they would be expected to pledge and pay into the industrial fund.

As the campaign gathered momentum, the first voluntary money appeared, but since facilities were not complete, potential stock buyers in the industrial foundation were requested to wait just a few days longer.

Dick Huie Is Speaker at Rotary Meet

A fine program was presented at the weekly "luncheon meeting of the Hope Rotary Club Friday noon at Hotel Barlow.

Royce Smith, program chairman, presented Judge Lyle Brown of Hope who in turn introduced Judge Dick Huie of Arkadelphia.

Judge Huie spoke on ways and means of promoting the "Acquire New Industry" move currently highlighting the local scene and on the necessity of complete individual participation in such an important stand for industrialization of Hope and the Hope area.

In addition to thirty-nine members of the local club present, there were the following visitors in attendance for the meeting: Judge Dick Huie and Chamber of Commerce Manager George Dows, both visiting Rotarians of Arkadelphia; Bill Lawrence and Oliver Adams, Junior Rotarians of Hope; Dr. Wayne Bedford, Sherman, Texas; John Eargle, Vincent Foster, Dr. John McElanahan, Representative Tabbot Field Jr., Fred Ellis and Ray Lawrence, all of Hope.

Harding Academy Drive Planned

MEMPHIS (AP) — A committee formed to head a drive for \$1,250,000 to finance a proposed Harding Academy here met today to discuss procedures.

Mr. George S. Benson, president of Harding College at Searcy, Ark., which plans to establish the academy, asked for the meeting in order to outline the institution's plans.

The academy would provide facilities for 700 students.

Kasper Begins Prison Term of One Year

TALLAHASSEE, Fla. (AP) — Segregationist John Kasper has begun serving a one-year federal prison sentence for criminal contempt of court.

Kasper was checked into the Federal Reformatory Institution here yesterday. The tall, black-haired northerner from New Jersey was convicted of interfering last year with federal court orders to integrate the high school at Clinton, Tenn.

He was brought to prison from Knoxville, Tenn., where the six-month sentence was handed down last week. His attorney planned an appeal.

When Kasper left Knoxville, he carried a copy of Adolf Hitler's book, "Mein Kampf."

Warden Eugene R. Goodwyn said Kasper had several books with him when he arrived but he did not know if "Mein Kampf" was among them. The books were taken away from Kasper and will be sent either to his relatives or to his attorney.

Claims Russia Seized German Scientists

PHILADELPHIA (UPI) — Russian kidnapped more than 2,000 German scientists at the end of World War II and put them to work on missile and satellite projects, a former Soviet army officer testified Thursday.

Vladimir Shabinsky, ex-leutenant colonel in the Red army, told a Senate Internal Security subcommittee hearing here that Soviet espionage activity in the past 20 years enabled Russia to get a scientific jump on the rest of the world.

Shabinsky testified after subcommittee counsel Robert Morris disclosed that two top imprisoned Soviet spies told him that Russia had obtained "without sweat and tears" U. S. secrets on earth satellites, anti-missile weapons, and atom-powered planes from executed agents Julius and Ethel Rosenberg and other spies.

Morris said the information came from interviews earlier in the day at Lewisburg, Pa., federal prison with David Greenglass, brother-in-law of Rosenberg, and Harry Gold. Greenglass is serving 15 years in prison and Gold 30 years for their part in the Rosenberg spy ring.

Five other witnesses called by the subcommittee in its investigation of Communism in Eastern Pennsylvania and Southern New Jersey pleaded the Fifth Amendment a total of 25 times. They included Herschel Baron, a draftsman in the Camden, N. J., plant of the Radio Corp. of America. He promptly was suspended by RCA.

The other witnesses were Cedric W. Fowler, Hamilton, N. J.; George Merlo, Philadelphia, N. J.; Robert F. Miller, Easton, Pa., and William Hood of Philadelphia.

Land Retirement Period Set Up

WASHINGTON (AP) — The Agriculture Department has set Jan. 13 to March 7 as a period when farmers will be given a chance to sign agreements to retire a part of their land from surplus crops next year under the soil bank program, and increased those of the longer conservation reserve.

The agency has 825 million dollars available for payments to farmers who take land out of use compared with 722 million obligated this year.

Payments will be offered at slightly higher rates next year than this for land retired from cotton, wheat, corn, rice and tobacco. The increase are designed to compensate farmers for the increasing acre yields which these crops are showing on land where they are produced.

Rain Blamed for Drop in Sales

ST. LOUIS (AP) — Rainy weather was responsible for a 14 per cent drop in department store sales in the Eighth Federal Reserve District last week compared to the same week in 1956. The Federal Reserve Bank of St. Louis said today.

The St. Louis area was off 13 per cent in sales volume. Louisville had a 13 per cent loss while Memphis was down 14 per cent.

Weather

ARKANSAS — Partly cloudy, cold Saturday and Saturday night, a little warmer Sunday. Highest in 40s Saturday.

PAUL BUNYAN'S BATHTUB?—This rolling roadblock crossing the Blue Star Memorial Bridge from Groton to New London, Conn., had motorists guessing that it was anything from a swimming pool to part of a guided missile. The giant 21-ton object is actually a submarine hull section built by General Dynamics' Electric Boat Division. It is on its way to the site of a land-based prototype for an atomic sub. Undersea craft from the New London base pass beneath the bridge daily, but none has ever crossed over it before.

PICTURE PALS—Developing a friendship with a somewhat camera-shy subject, Fort Guerin, a United Press Movie-tone News cameraman, gives up part of his lunch to a squirrel on the University of Chicago campus. On assignment to cover a conference on outer space developments, Guerin took time out to make friends with the little fellow and another photographer moved in to score the best shot.

THAT'S NO YOKE, SON—It's three of them, the work of an anonymous hen in Tulip, Formosa. A housewife in Taipei discovered the triple treat when she broke open a king-size egg for breakfast. Each of the yokes is about half the size of the one found in a normal size egg.

Name your favorite brand of...

Trusted products are sound investments

The brand names you have selected are sound investments because you know these products measure up to a specified standard of performance and are of known quality of construction and materials. In advertising, the Audit Bureau of Circulations* provides a trusted standard of value for newspaper circulations. This newspaper holds membership in A.B.C. so you may have the FACTS about the circulation of your sales messages when you advertise with us. With this assurance, you can be confident that placing your sales messages in the advertising columns of our paper is a sound business investment. Ask us for a copy of our latest A.B.C. report.

Answer to Previous Puzzle

OUT OUR WAY

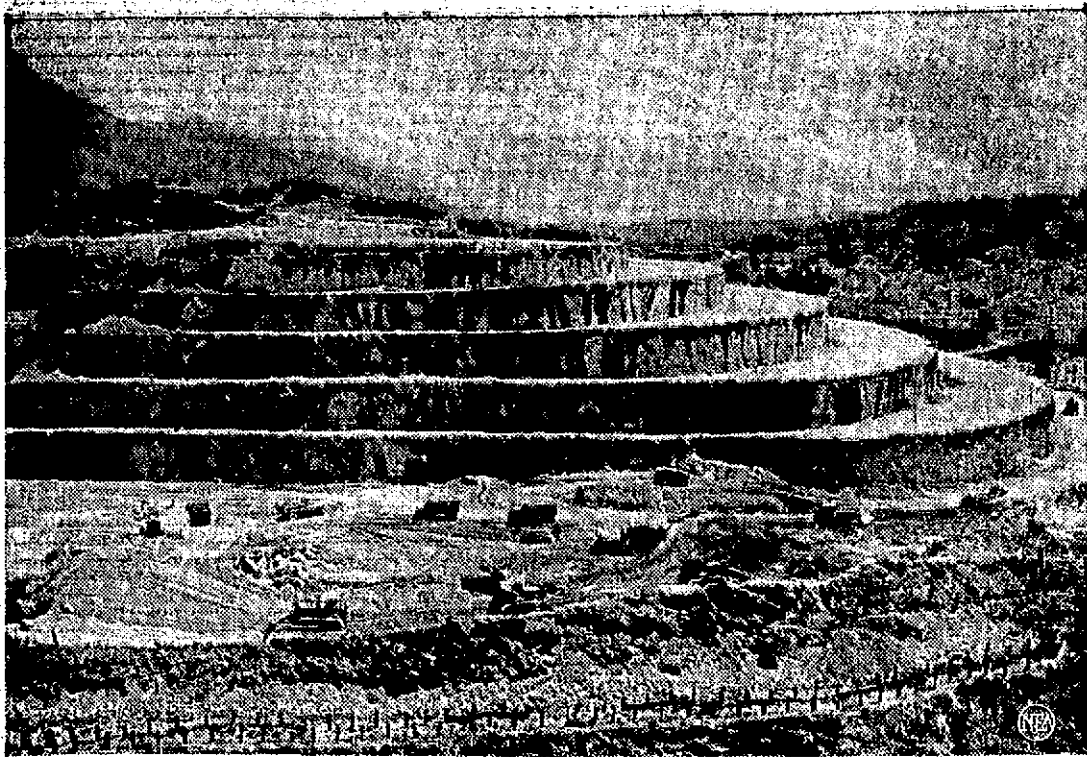

By J. R. Williams

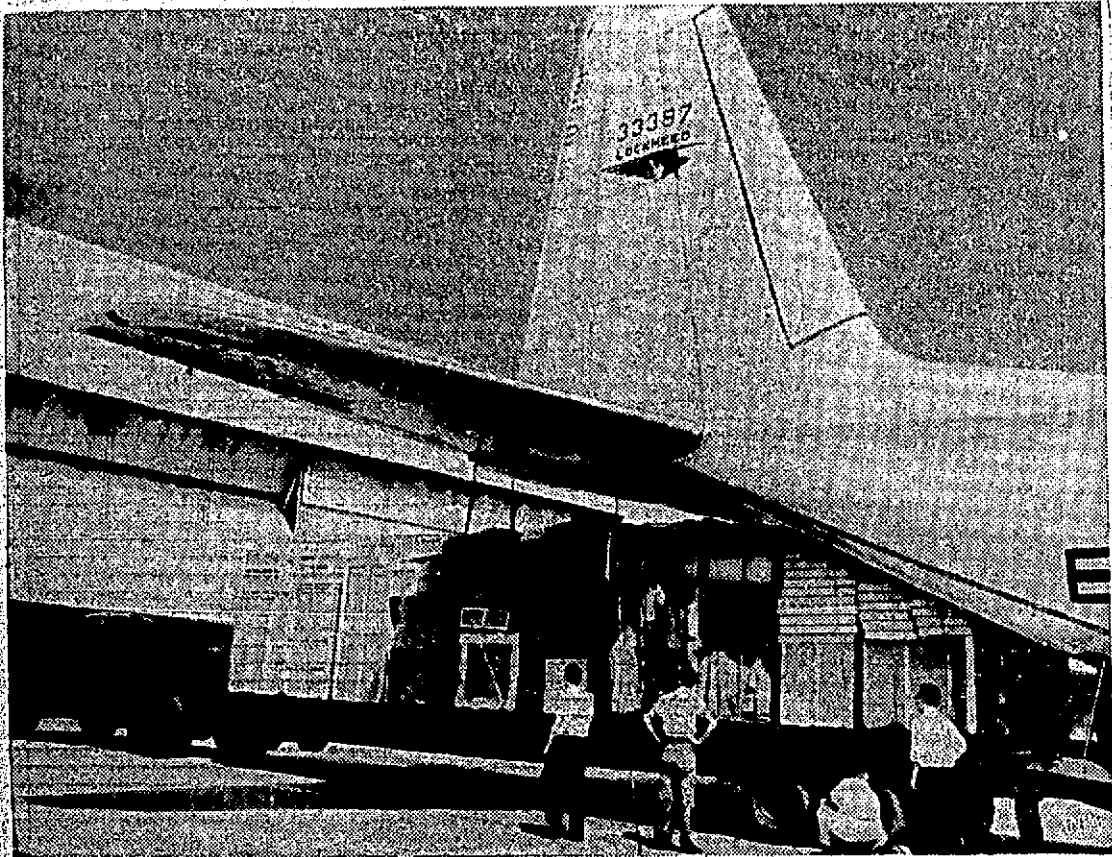

OUR BOARDING HOUSE

With Major Huaple

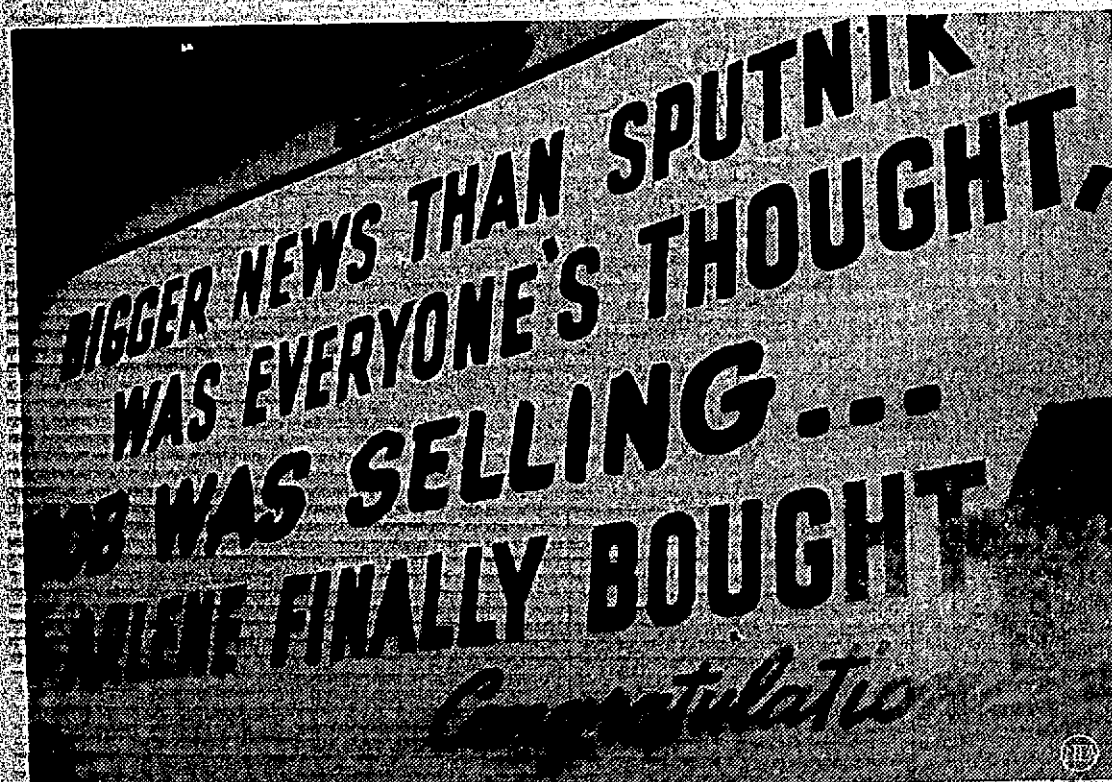

VENEZUELA PYRAMIDS BUSINESS CENTER—This huge, earthen pyramid at Caracas, Venezuela, covers 25 acres and has been carved from a mountainside. It's the foundation for a spiral-shaped building, a permanent exhibition hall and TV station, the "Helicoides." Brain child of Venezuelan architect, Dr. Jorge Romero Gutierrez, the building will be 365 feet tall. As it is contoured to the side of a hill, it will be 25 stories high on one side and 10 stories on the opposite face. Spiral ramp with a very slight incline will enable patrons to drive directly to the store or office they're visiting, and closed TV circuits will bring telecasts of merchandise to its many salesrooms. The building is slated for completion in 1960.

ALL DELIVERIES IN REAR—A massive cargo of 22 tons is loaded in a matter of minutes into Lockheed's new commercial air freighter, the Hercules. The 320-mile-an-hour plane, shown here in a demonstration at Marietta, Ga., is America's first turbo-prop cargo carrier which permits straight-in, truck-and-dock-level loading. Tests, using conveyor belts to speed handling of cargo, have proved that the huge 4,300-cubic-foot maw of the craft can be filled in a few minutes' time, compared to several hours required for other transports.

IT PAYS TO ADVERTISE—This billboard in downtown Milwaukee carries the latest, and perhaps last, message in the romance of Robert Brachman, 33, and Arlene Hale, 27. Brachman started the billboard romance last spring, after the couple had a spat. The board carried a series of friendly messages. They must have worked because the couple plans to be married in the near future.

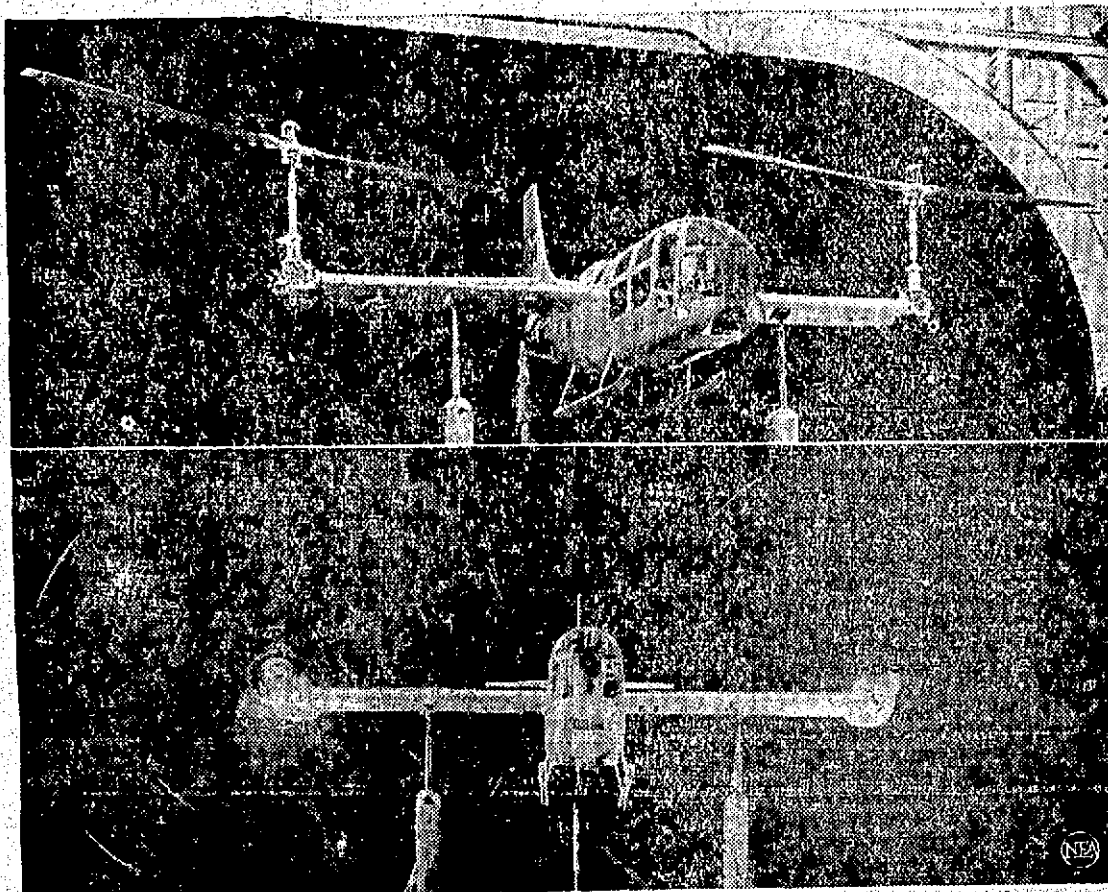

Wallpaper mural in pink, turquoise, gold and black against an ivory background spreads a Venetian gondolier across one wall of this room. Other walls are papered in ivory to give spaciousness to the room. Venetian gondolier carries out theme set by the paper in this simple and effective room treatment.

COMPETITION—There was music outside New York's Metropolitan Opera House as well as inside as the Met opened its 73rd season with Tchaikovsky's "Eugene Onegin." As Dmitri Mitropoulos conducted the orchestra inside, this street violinist played serenades outside to an audience that was less glittering but just as appreciative.

STIFF DRINK—This mechanical man at New York's Rockefeller Center takes a gulp of a really stiff drink. The pretty spectator admires the "manly" way he gulps down a continuous supply of corrosive acid. He has a modern equivalent of the proverbial "wooden leg," as the acid flows into his pipe limbs and back to the bottle. "Man," part of a rubber company exhibit, is made of corrosion-resistant blend of plastic and rubber.

CONVERTIBLE HELICOPTER—The Bell Helicopter XV-3 convertiplane is shown during tests in the big wind tunnel of the National Advisory Committee for Aeronautics Ames Laboratory, Moffett Field, Calif. Developed for the Army, the XV-3 is a tilting rotor type convertiplane with rotor-propellers at each wing. For landings and take-offs, top photo, its rotor-propellers are perpendicular to the wing. Once the craft is airborne and conversion air speed is attained, the rotors tilt forward a full 90 degrees, bottom photo, the lift load is transferred to the craft's stubby wings, and the XV-3 resembles and operates as a conventional airplane. Test speeds reach more than 170 m.p.h.

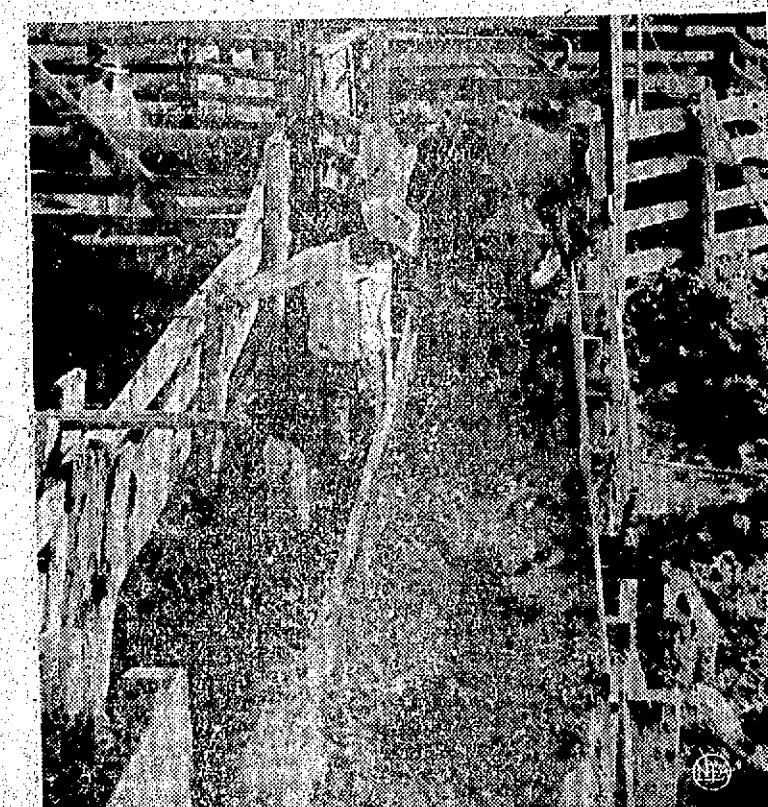

WHAT'S ON THE MOON?—With all the talk going around about man reaching the moon, the question is: What will he find when he gets there? Scientists, who have studied the moon over a distance of 240,000 miles for centuries, describe it as a rugged, dusty, lifeless globe. It has none of the earth's life-giving qualities, not even air. In man's earliest observations, light and dark areas were detected. Dark areas were believed to be water. These areas were given the name "maria," or seas. Later investigation revealed them to be dry plains. Some of the maria (see Newchart) are of tremendous size. Light areas on the moon are mountain ranges. Among the most impressive sights, easily discernible through even low-powered telescopes, are the craters. Scientists are not in agreement as to what caused them. Some believe they are the result of impact of meteors; others believe they were formed by volcanic activity in the centuries before the moon cooled. The moon is subjected to extreme temperatures. In the center of the light side, it reaches 214 degrees, about the boiling point of water. Away from the sun, it drops to 280 degrees below zero.

CORNY STORY—Giving their dad a lesson in the fine art of corn-growing has obviously proven to be a lot of fun for Richard Dudenhoeffer, left, and brother Francis, right, of Bonhofs Mill, Mo. All three entered a field in the state-wide Missouri Farmers Association Corn Yield contest and the boys both averaged more bushels to the acre than their father, Paul Dudenhoeffer, center. Francis was high man with a yield of 148.8 bushels per acre, while Richard managed 142.1 bushels and dad only 135.2.

"YOU'RE AN ACTOR"—Paul Ford, 56-year-old actor, romances Shirley Booth in a new film, "The Matchmaker." Ford, Sgt. Bilko's Colonel on the Phil Silvers TV show, didn't become an actor till he was 38. He did it on the advice of his psychiatrist. Hearing of Paul's many jobs—none of them profitable—the psychiatrist said simply, "You're an actor." He's been one ever since—for money.

FIGHTING THE FEVER TICK—The cattle fever tick, found in Florida this year for the first time since the Federal quarantine was lifted in 1950, is a potential carrier of piroplasmosis, a destructive blood disease of cattle. Heavily infested animals waste away and become unprofitable. The infested cattle are dipped (above) in approved concentration of chemical to kill ticks. Fifty to 100 cattle can be treated per hour in a 2,000-gallon vat. Ticks remaining in pasture and reinfesting animals are killed by subsequent dippings.

"LOVE THAT GAL"—Love letters by the bushel from smitten teenage lads come to 15-year-old Annette Funicello, glamorous of Walt Disney's TV Mickey Mouse Club. They come from all 48 states, Canada and the British Isles. Annette's shown here with her fellow Mickey-Mouse, Jimmy Boyd.
